

IBM Object Storage- Images in Bucket

The screenshot shows the IBM Cloud Object Storage console interface. The left sidebar contains navigation options: IBM Cloud, Cloud Object Storage, Storage instances, Cloud Object Storage-vc, Buckets (selected), Integrations, Endpoints, Usage details, Service credentials, Connections, and Plan. The main content area is for a bucket named 'news003'. It has tabs for Objects, Configuration, and Permissions. A warning message states: 'Warning: All objects in this bucket have public view access.' Below this, a message says: 'If you're seeing more usage than expected, versions count towards your usage or you may have incomplete uploads. Learn more'. There is a search bar with 'Prefix filter' and an 'Upload' button. A table lists the objects in the bucket:

<input type="checkbox"/>	Object name	Archived ⓘ	Size	Last modified

There is a blue 'Upload' button in the top right corner of the object list area and a blue button with a speech bubble icon in the bottom right corner of the table.
